

Greetings,

As we continue to navigate the effects of COVID-19, it is with great regret; the Newton County Recreation Commission has decided to cancel the 2020 Youth Tackle Football season in an effort to maintain the health and safety of our youth. The health of our youth is of utmost priority, and the physical nature of this contact sport will not allow for proper social distancing.

We know how important the game of football is to so many youths, and the Newton County Recreation Commission is committed to resuming youth football in 2021 with even more playing options.

We sincerely apologize for any inconvenience this may have caused. But we are looking forward with anticipation to a Healthy and Safe 2021 season.

Thank You,

Ternard L. Turner, CPM

Executive Director of Parks, Recreation and Youth Development
